

REQUEST FOR PROPOSAL
Exhibit E

MEDI-CAL WORKERS' COMPENSATION RECOVERY PROGRAM

1.0 TERMS AND CONDITIONS

The Request for Proposal (RFP), any Administrative Bulletins and/or Addenda, Contractor's Technical and Cost Proposal and the Standard Agreement Form (see Exhibit A-1) determine the work required of the Contractor. The terms and conditions under which the work shall be performed are detailed in this Chapter. In the event there are any inconsistencies or ambiguities between the Technical or Cost Proposal and the RFP, or if the Technical Proposal does not address RFP requirements, the RFP shall govern over the Contractor's Technical Proposal, except in those instances where the Contractor's Technical Proposal has offered more stringent requirements than those required in the RFP and the State has indicated, in writing, its approval of the more stringent requirements. In these cases, the Technical Proposal (TP) shall prevail, only in case of the more stringent and State-approved requirements.

A contract between the State and the Contractor shall be accompanied by the completion of a Standard Agreement form.

As used in this RFP, "Contractor" is defined as the individual, public entity or organization that has been awarded a contract(s) or subcontract(s) for the Medi-Cal Workers' Compensation Recovery Program (WCRP).

1.2 DELEGATION OF AUTHORITY

The State intends to implement this contract through a single administrator, hereafter called the "Contracting Officer." The Director shall appoint the Contracting Officer. The Contracting Officer, on behalf of the Director, shall make all determinations and take all actions as are appropriate under this contract, subject to the limitations of applicable federal and State laws and regulations. The Contracting Officer may delegate his/her authority to act as an authorized representative through prior written notice to the Contractor. The name of the Contracting Officer and/or his/her authorized representative shall be issued to the Contractor upon the State's approval, prior to the effective date of the contract.

The Contractor shall designate a single administrator, hereafter, called the Contractor's Representative, who shall be located in the Contractor's facility in California. The Contractor's Representative, on behalf of the Contractor, shall make all determinations and take all actions as are appropriate to implement the contract, subject to the limitations of the contract, federal and State laws and regulations. The Contractor's Representative may delegate his/her authority to act as an authorized representative through prior written notice to the Contracting Officer. The Contractor's Representative or his/her designee shall be empowered to legally bind the Contractor to all agreements reached with the State.

The Contractor's Representative must be designated, in writing, by the Contractor prior to the effective date of the contract and approved by the State. Such designation shall be submitted to the Contracting Officer in accordance with Exhibit E, Section 1.4, Authority of State.

1.3 GOVERNING AUTHORITIES

Amendments to the contract shall be effective on the effective date of the statutes or regulations, and shall be binding on the parties even though such amendments may not have been reduced to writing and formally agreed upon and executed by the parties.

1.4 AUTHORITY OF THE STATE

Sole authority to establish or interpret policy and its applications to the above areas resides with the State.

The Contractor may not make any limitations, exclusions, or changes in scope of work, any changes in definition or interpretation of terms; or any changes in the administration of the contract related to the scope of work, without the express, prior written direction or approval of the Contracting Officer.

1.5 FULFILLMENT OF OBLIGATIONS

No covenant, condition, duty, obligation, or undertaking continued or made a part of this contract shall be waived except by written agreement of the parties hereto, and forbearance or indulgence in any other form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation or undertaking to be kept, performed, or discharged by the party to which the same may apply; and, until performance or satisfaction of all covenants, conditions, duties, obligations, and undertakings is complete, the other party shall have the right to invoke any remedy available under this RFP, contract, or under law, notwithstanding such forbearance or indulgence.

1.6 INSPECTION RIGHTS

The Contractor shall allow the State DHHS, the Federal Department of Health and Human Services, the Controller General of the United States, the State Auditor, and other authorized federal and state agencies, or their duly authorized representatives, to inspect or otherwise evaluate the quality, appropriateness, and timeliness of services performed under the contracts, and to inspect, evaluate, and audit any and all books, records, and facilities maintained by the Contractor and any subcontractors, pertaining to such services, at any time during normal business hours

without prior notice. Books and records include, but are not limited to, all physical records originated or prepared pursuant to the performance under this RFP, including working papers, reports, financial records and books of account files, subcontracts, sub-subcontracts, and any other documentation pertaining to medical, dental and non-medical services to Medi-Cal beneficiaries. Upon request, at any time during the period of this contract, the Contractor shall furnish any such record, or copy thereof, to the State or the Department of Health and Human Services within 30 days.

1.7 CONTRACT COMMUNICATION

All Notices under this RFP/contract shall be in writing and shall be deemed to have been given to the State and/or the Contractor when mailed to the following address:

1.8 CONTRACT TERMS

1.8.1 CONTRACT EFFECTIVE DATE

The effective date of the contract shall be July 01, 2003, Daylight Savings Time.

1.8.2 TERM (LENGTH OF CONTRACT)

The term of the contract shall extend from the contract effective date for four years, subject to the State's and Contractor's right to terminate under the Termination provisions of the RFP, Exhibit E, Section 1.10.

1.8.3 CONTRACT EXTENSION

The State shall retain the exclusive right to exercise the option to extend the term of the contract during the last twelve months of the contract, as determined by the original end date or by a new end date if an extension

has been exercised. The State may invoke up to two separate extensions of one year each. The Contractor shall be given at least 90 days prior written notice should the State choose to exercise this option and extend the contract. Term extensions are subject to funding availability, acceptable Contractor performance, and the Contractor's willingness to maintain existing recovery rates.

1.9 TURNOVER REQUIREMENTS

The objective of the Turnover period is to ensure that the orderly transfer of necessary data is made from the previous Contractor to the State and then to the successor Contractor. This orderly transfer of required data ensures the continuity of the filing of liens and the recovery of Medi-Cal expenditures in WC actions.

The Contractor shall be flexible to changing requirements. If the State exercises its extension options, all Turnover activities shall be delayed a commensurate period of time.

Upon expiration of the contract, the Contractor shall:

- A. Transfer control of all unprocessed case referrals provided by the State (unprocessed is defined as potential cases not yet filed with WC insurance carrier or WCAB) to the State for transfer to the successor contractor;
- B. Discontinue all other recovery actions, with the exception of residual cases (cases filed with WC or WCAB prior to contract termination date). This physical transfer will be in an orderly, timely, and efficient manner, and in full compliance with the security and confidentiality provisions of the contract. The State shall retain the authority to designate the manner and method by which the data, equipment, and cases shall be transferred. Should the State determine that other data is required for Turnover, the State shall notify the Contractor in writing within the time constraints enumerated below. Costs of reproduction shall be borne by the State. Any delay in turning over to the State the data and/or equipment requested shall result in an assessment of a liquidated damage of \$500 per day against the Contractor beyond the 30 days in which any portion of the data and/or equipment is not received.

The Contractor shall develop a report describing, at the lowest level of detail understandable to the layperson, the data to be transferred to the State. This report shall be submitted to the Contracting Officer within five workdays of expiration or termination of the contract.

All data and information provided by the Contractor shall be accompanied by letter, signed by the responsible authority, certifying to the accuracy and completeness of the materials supplied.

1.10 TERMINATION

1.10.1 TERMINATION BY DIRECTOR

The Director of the Department of Health Services may terminate this contract in whole, or in part, for good cause shown at any time, by giving written notice to the Contractor. Notification shall be given at least 30 days prior to the effective date of termination. Notification shall state the effective date of, and the reason for, the termination. In addition to other grounds for termination, failure to comply with applicable laws, regulations, and any of the terms of this contract shall constitute cause for termination.

1.10.2 TERMINATION OF OBLIGATIONS

All obligations to perform services under this contract shall automatically terminate on the effective date of any termination of this contract.

In the event of termination pursuant to this Section, the State reserves the right to reassign WC cases from the terminated Contractor to another Contractor. (See Exhibit E, Section 1.10.3).

1.10.3 TERMINATION OF CONTRACT AND TRANSFER OF CASES

Upon termination of this contract, the State shall notify beneficiaries and/or their representative of the transfer of their cases to another existing Contractor.

- A. Prior to termination of the contract and upon request by the State, the Contractor shall assist the State in the orderly transfer of WC cases pursuant to Turnover Requirements in Exhibit E, Section 1.9. In doing so, the contractor shall make available to the State copies of case files, claim detail reports, and any other pertinent information, including information maintained by any subcontractors or sub-subcontractors (if applicable), necessary for efficient case management and recovery, as determined by the State. Costs of reproduction shall be borne by the State.
- B. In the event that a Contractor in the northern or southern geographic region or regions is to be terminated, the State may reprocur or enter into negotiations with the next responsible and available proposer offering the next lowest cost recovery rate for performance of the remaining contract period.

1.11 LIQUIDATED DAMAGES

1.11.1 GENERAL DAMAGES

It is agreed by the State and the Contractor that:

- A. If the Contractor does not provide or perform the requirements referred to or listed in this provision, damage to the State will result;
- B. Proving such damages will be costly, difficult, and time-consuming;
- C. Should the State choose to impose liquidated damages, the Contractor will pay the State those damages for not providing or performing the specified requirements;
- D. Additional damages may occur in specified areas by prolonged periods in which Contractor does not provide or perform requirements;
- E. The damage figures listed below represent a good faith effort to quantify the range of harm that could reasonably be anticipated at the time of the making of the contract.
- F. The State and the Contractor recognize that it is the policy of the California Legislature to encourage the use of liquidated damages provision in State contracts, as shown by Civil Code section 1671(b), Public Contract Code section 10226, and 13 California Law Revision Commission Reports 1740 and 1741;
- G. The State may, at its discretion, offset liquidated damages from payments owed the Contractor;
- H. The maximum amount of liquidated damages payable by the Contractor over any twelve month period is five hundred thousand dollars (\$500,000);
- I. In the event the Contractor's failures result from a single failure, which is subject to liquidated damages, the State will be entitled to assess the highest single liquidated damage penalty only. There will be no concurrent assessments of liquidated damages for cascading failures that result from a single failure.

Nothing in this provision shall be construed as relieving the Contractor from performing any other contract duty not listed herein, nor is the State's

right to enforce or to seek other remedies for failure to perform any other contract duty hereby diminished.

The contract, as defined in Exhibit E, Section 1.1, Interpretation of Contract, will be used by the State to monitor Contractor progress and will provide the basis for determining liquidated damages.

1.11.2 WCRP RECOVERY PROGRAM OPERATIONS, TERMS, AND CONDITIONS

During the life of the contract, the Contractor shall provide or perform each of the following Work requirements, Terms and Conditions requirements, and Payment requirements as stated in the contract.

Except as provided in Exhibit E, Sections 1.11.1 and 1.11.2, for each and every Contractor requirement not provided or performed as scheduled, or if a requirements is provided or performed inaccurately or incompletely, the State, if it intends to impose liquidated damages, shall notify the Contractor in writing that the requirement was not provided or performed as specified and that liquidated damages will be assessed accordingly. The Contractor shall have 15 days from the date of such written notice from the State, or longer if the State allows upon written request, to provide or perform the requirement as specified.

Liquidated Damages

If the Contractor does not provide or perform the requirement within 15 days of the written notice, or longer if allowed by the State, the State may impose liquidated damages of \$500 per requirement per day for each day the requirement continues not to be provided or performed. If after 15 additional days from the date of the State imposed liquidated damages, the requirements still have not been provided or performed, the State, after written notice to the Contractor, may increase the liquidated damages assessment to \$1,000 per State work day per requirement until the requirement is provided or performed.

1.12 ASSIGNMENTS

The Contractor shall not assign the contract, in whole or in part, or any payment arising therefrom, without the prior written approval of the State. It is the policy of the State of California to withhold consent from proposed assignments, subcontracts, or notations when such transfer of responsibility would operate to decrease the State's likelihood of receiving performance on the contract. The State must approve all subcontracts prior to initiation.

1.13 INSURANCE AND BONDING

This RFP Section sets the requirements for insurance and fidelity bonding under the contract.

As used in this Section, a third party carrier means an insurance and/or bonding company licensed to provide the required lines of insurance in the State of California and in the amounts required by this contract.

The request shall clearly and fully set out the arrangement proposed and how such arrangements will fully comply with the contract requirements. If the request is denied by the State, required insurance from a third party carrier must be obtained and evidence of coverage submitted to the State as prescribed above within five days of the denial.
- C. The Contractor shall provide and maintain and shall require its subcontractors to provide and maintain the following insurance during the performance of this contract:
 - 1. Workers' Compensation insurance in accordance with the statutory requirements of California where work will be performed.
 - 2. Comprehensive general and automobile liability insurance with minimum aggregate limits of \$1 million per occurrence for bodily injury and property damage. Such coverage must apply to all locations where any work pertaining to this contract is performed.

3. The State of California must be named as an additional party on the policy of insurance, with the exception of the Workers' Compensation insurance.
- D. The State will not be responsible for any premiums or assessments on the policy or policies. The State may, as its sole discretion, pay one or more premiums, if it decides that to do so would be in the best interest of the State. Should the State exercise this option to pay any premiums, it shall be fully reimbursed by the Contractor by an offset against future payments owed to the Contractor.
- E. The Certificate of Insurance must include the following provisions stating that:
1. The insurer will not cancel the insured's coverage without 30 days' prior written notice to the State;
 2. The State of California, its officers, agents, and employees are included as additional insureds, but only insofar as the operations under this contract are concerned;
 3. The State will be notified of any failure by the Contractor to pay premiums, or any other change in the status of the scope of the required coverage within five days of such failure.

The initial request to secure required bonding from other than an authorized third party carrier should be submitted to the State in writing by the contract effective date. The request shall clearly and fully set out the arrangements proposes and how such arrangements will fully comply with contract requirements. If this request is denied by the State, required bonding from a third party carrier shall be obtained within 15 days from the denial.
- C. A fidelity bond or other security shall be maintained by the Contractor and subcontractors for at least an amount equal to the

minimum fidelity bond required per loss covering every employee except those classifications of employees as the State may allow to be exempted. The fidelity bond or other security must be maintained by the Contractor and subcontractors for the life of this contract and in a form satisfactory to the State, and must include the following conditions:

1. The State of California shall be named as joint obligee/beneficiary of the Contractor's bond. The Contractor's bond shall provide that the insurer or bonding company shall pay losses suffered by the State directly to the State.
2. The State will receive 30 days prior written notice of any intent to cancel or to make any other material change in the status, coverage, or scope of the required bond or of the Contractor's failure to pay premiums.
3. The State will not be responsible for any premiums or assessments on the bond, unless, at its sole option, it decides to pay one or more premiums, should the State exercise this option, it shall be fully reimbursed by the Contractor by an offset against future payments owed to the Contractor.

1.15 GUARANTEE PROVISIONS

If the Contractor is a subsidiary of a corporation or other legal entity, the full and prompt performance of all covenants, terms and conditions, and agreements from this RFP for the term of the contract shall be guaranteed by that entity in the Contractor's chain of ownership. This entity shall be

known as the Contractor's parent corporation for the purposes of this contract.

The guaranty shall, at minimum, meet the following requirements. It shall:

- A. Be made to the State;

 - 1. That he or she has personally reviewed all pertinent corporate documents, including but not limited to articles of incorporation, bylaws, and agreements between the parent and subsidiary; and

this guaranty shall extend to and include all future amendments, modifications, and extensions of the contract and all future supplemental and other agreements with respect to matters covered by the contract which the State and Contractor may enter into, with or without notice to or knowledge of Guarantor, but Guarantor shall have the benefit of any such extension, forbearance, waiver amendment, modification, or supplemental or other agreement; it being the purpose and intent of the parties hereto that the obligations of Guarantor hereunder shall be coextensive with, but not in the excess of, the obligations of Contractor, its successor or assignee, under the contract;

- I. Include the following provision: Guarantor agrees that the guaranty shall continue in full force and effect despite any change in the legal or corporate status of the subsidiary including but not limited to its sale, reorganization, dissolution, or bankruptcy.

1.16 STATE'S RIGHT TO EQUITABLE ADJUSTMENT

1.17 DISPUTES AND APPEALS

Disputes and appeals shall be used by the Contractor as the means of resolving contractual disputes.

Filing a dispute shall not preclude the State from recouping the amount in dispute from the Contractor or from offsetting this amount from subsequent monthly payment(s). If the amount to be recouped exceeds 25 percent of the monthly payment, an amount up to 25 percent shall be withheld from each monthly payment until the amount in dispute is fully recouped. If a recoupment or offset is later found to be inappropriate, the State shall repay the Contractor the full amount of recoupment or offset, plus interest at the Pooled Money Investment Rate pursuant to

Government Code, Section 16480 et seq.

1.17.1 DISPUTES RESOLUTION BY NEGOTIATION

The State and Contractor agree to attempt to resolve all contractual disputes through negotiation and mutual agreement at the Contracting Officer level without litigation. The parties recognize that the implementation of this policy depends on open-mindedness, and the need for both parties to provide adequate supporting information.

Before issuance of a Contracting Officer's decision, informal discussions with the parties by individuals who have not participated substantially in the matter in dispute shall be considered by the parties in efforts to reach a mutual agreement.

1.17.2 NOTIFICATION OF DISPUTE

The Contractor shall notify the Contracting Officer in writing within 15 days of the date the dispute concerning performance of this contract arises or otherwise becomes known to the Contractor, describing the conduct (including actions, inactions, and written or oral communications) which it is disputing.

The Contractor's notification shall state, on the basis of the most accurate information then available to the Contractor, the following:

- A. That it is a dispute pursuant to this Section.
- B. The date, nature, and circumstances of the conduct that is the subject of the dispute.
- C. The names, phone numbers, function, and activity of each Contractor, subcontractor, Department/State official or employee involved in or knowledgeable about said conduct.
- D. The identification of any documents and the substance of any oral communications involved in such conduct. Copies of all identified documents shall be attached.
- E. The reason why the Contractor is disputing the conduct.
- F. The cost impact to the Contractor directly attributable to the alleged conduct, if any:
 - 1. What contract line item(s) have been or may be affected by the alleged conduct;

2. What labor or materials or both have been or may be added/deleted by the alleged conduct;
3. To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged conduct;
4. What adjustments to contract price, delivery schedule, and other provisions are required or have been or may be affected by the alleged conduct.

G. If no cost impact is involved, the Contractor's desired remedy.

The required documentation, including cost impact data, shall be carefully prepared and submitted with substantiating documentation by the Contractor. This documentation shall serve as the basis for any subsequent appeal.

Following submission of the required documentation, with supporting documentation, the Contractor shall diligently continue performance of this contract, including matters identified in the Notification of Dispute, to the maximum extent possible.

1.17.3 CONTRACTING OFFICER'S DECISION

Any disputes concerning performance of this contract shall be decided by the Contracting Officer in a written decision stating the factual basis for this decision. The Contracting Officer shall serve a copy of the decision on the Contractor. The decision of the Contracting Officer shall be rendered within 30 days of a receipt of a Notification of Dispute or any additional substantiating documentation requested by the Contracting Officer, unless the Contracting Officer provides a written explanation to the Contractor why a longer period is necessary. The decision shall be final and conclusive unless within 30 days from the date of service of such decision the Contractor files with the Contracting Officer a written appeal addressed to the Branch Chief as specified in No. 15 of Exhibit D (F).

The Contracting Officer's decision will:

- A. Find in favor of the Contractor, in which case the Contracting Officer may:
 1. Countermand the earlier conduct which caused the Contractor to file a dispute; or

2. Reaffirm the conduct and, if there is a cost impact, issue a Change Order in accordance with Section 1.27 of this RFP;
or
- B. Deny the Contractor's dispute and, where necessary, direct the manner of future performance; or
- C. Request additional substantiating documentation in the event the information in the Contractor's notification is inadequate to permit a decision to be made under paragraphs A or B above, and shall advise the Contractor as to what additional information is required, and establish how that information shall be furnished.

The Contractor shall have 30 days to respond to the Contracting Officer's request for further information. Upon receipt of this additional requested information, the Contracting Officer shall have 30 days to respond with a decision. Failure to supply additional information required by the Contracting Officer within the time period specified above shall constitute waiver by the Contractor of all claims in accordance with Exhibit E, Section 1.17.9, Waiver of Claims, below.

1.17.4 CONTRACTOR DUTY TO PERFORM

Pending final determination of any dispute hereunder, the Contractor shall proceed diligently with the performance of this contract and in accordance with the Contracting Officer's direction.

1.17.5 DISPUTE EXAMINER

In any appeal by the Contractor of a Contracting Officer's decision under Exhibit E, Section 1.17.3 where the amount in controversy is fifty thousand dollars (\$50,000) or less, the Contracting Officer and the Contractor may agree on the appointment of a single Dispute Examiner to consider and to decide the dispute.

The Dispute Examiner shall render a written decision on the dispute within 30 days of its submission, which period may be extended for an additional 30 days by the Dispute Examiner in extraordinary circumstances. The Dispute Examiner may decide the matter on the basis of documentary evidence alone, without a hearing, and may require either party to produce additional evidence necessary to the decision.

The Dispute Examiner's decision is final and not subject to appeal to the Director by either party, except in cases of demonstrated bad faith, fraud, or if unsupported by a reasonable determination of the evidence

presented.

If the Contracting Officer and Contractor cannot agree on a Dispute Examiner, the matter shall be processed as an appeal under Exhibit E, Section 1.17.6, Contractor's Right to Appeal.

If no cost impact can be shown to be directly attributable to the conduct under the dispute or if there is no amount in controversy, the Contractor and the Contracting Officer shall mutually agree which type of appeal will be most appropriate to the circumstances, the appeal process described in Exhibit E, Section 1.17.5 or the appeal process described in Section 1.17.7. Failure to reach such an agreement shall be resolved by handling the appeal in accordance with Exhibit E, Section 1.17.6.

1.17.6 CONTRACTOR'S RIGHT TO APPEAL

In connection with any appeal from a Contracting Officer's decision made pursuant to Exhibit E, Section 1.17.3 involving fifty thousand dollars (\$50,000) or more, the Contractor shall be afforded an opportunity to be heard and to offer evidence and oral argument in support of its appeal. At such a hearing, the State may also offer evidence and oral argument in support of its position.

The Director shall appoint a Hearing Examiner or Board composed of not more than three persons to take evidence, hear oral argument, and make recommendations to the Director as to the proper findings and conclusions to be reached in the appeal. The Hearing Examiner or Board shall take the matter under submission at the conclusion of the hearing. A proposed decision, in a form that may be adopted as the decision of the Director, shall be submitted to the Director and shall be served by the State on each party in the case.

The Director may:

- A. Adopt the proposed decision;
- B. Reject the proposed decision and have a decision prepared based on the documentation and electronically recorded or transcribed record, without taking additional evidence. The Director shall not decide a dispute provided for in this paragraph without affording the parties the opportunity to present either oral or written arguments;
- C. Refer the matter to the Hearing Examiner or Board to take additional evidence. If the case is so assigned, a new proposed decision shall be prepared based upon the additional evidence and the record established in the previous hearing.

In the event of B or C above, a copy of the new proposed decision shall be submitted to the Director for adoption and shall simultaneously be served on each party in the case.

The Director shall render a decision within 60 days after receipt of a proposed decision. The decision shall be final upon adoption by the Director. The right to judicial appeal commences upon adoption of the decision by the Director.

Regarding the provisions of Exhibit E, Section 1.17, the Director may appoint a representative to exercise his/her authority.

There shall be no ex parte communication with the Hearing Examiner, Board, or Director concerning this appeal, prior to the Director's decision. Appeals involving challenges to either monthly payment or obligation changes, or Change Orders shall be given top priority among pending matters by the appointed Hearing Examiner or Board. The Hearing Examiner or Board shall expedite resolution of appeals involving monthly payment Change Orders insofar as possible within the appeal requirements and without impairing the parties' right to a full and fair hearing.

1.17.7 DISCOVERY

For Contractor appeals pursuant to Exhibit E, Section 1.17.6, discovery shall be conducted exclusively according to the procedure described in this section. Discovery procedures shall be the same as those provided for in Title 22, CCR, Sections 51032, 51033, 51034, and 51035, which are herein incorporated by reference, with the following exceptions to Section 51032: no "Statement of Disputed Issue", "Notice of Acceptance of the Statement of Disputed Issues" or "Issuance of a Report of Findings" shall apply. A party, upon written request made to another party, prior to the hearing and within 30 days after the filing of an appeal with the Director, is entitled to the provisions of Title 22, CCR, Section 51032, excluding the above-mentioned exceptions.

In the event that any provisions of these regulations shall be held invalid or unenforceable as applied to this contract, by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provisions of these regulations.

1.17.8 COSTS OF DISPUTE SHARED

Costs of conducting the dispute and appeal process, including Dispute Examiner, Hearing Examiner, or Board, shall be shared 50 percent by the State and 50 percent by the Contractor. Each party shall bear its own

costs of preparation and presentation of its case.

1.17.9 WAIVER OF CLAIMS

If the Contractor fails to submit a Notification of Dispute, supporting and substantiating documentation, or any additionally required information in the manner and within the time frames specified in the Disputes/Appeals Sections, such failure shall constitute a waiver by the Contractor of all claims arising out of said conduct, whether direct or consequential in nature.
